George Washington Carey (1845-1924) was an American physician known for his chemistry of life publications, a subject which he referred to as biochemistry. Carey combined a mixture of religion, astrology, physiology, anatomy, and chemistry, themed particularly with a mineral-based theory of human disease to explain his views on human chemistry. He continues to be popular within new-age and homeopathic circles. In the context of a person viewed as a human molecule, Carey was the first to state that a person's body is a chemical formula in operation. This item ships from multiple locations.
