

The modern Grand Prix Attack, DVD-ROM

By Trent, Lawrence

Book Condition: New. Publisher/Verlag: ChessBase | FritzTrainer: interaktives Schachtraining mit Videofeedback. Windows | The Grand Prix Attack is one of White's most enterprising weapons against the Sicilian Defence, and a favourite among club players and Grandmasters alike. This is an opening that must be treated with both caution and respect. Over the past few years Grandmaster Gawain Jones, arguably the world's leading expert on the variation, has used the Grand Prix Attack to defeat a number of world class opponents, which demonstrates that underestimating its potential can cause casualties even at the highest level. This DVD will provide you with a comprehensive repertoire that explores all of Black's ideas against the Grand Prix set up. My recommendations include a number of lines which are relatively unexplored by theory, and I have analysed them extensively. With these surprises under your belt, you will be well placed to deliver the devastating blows that the Grand Prix Attack is famous for! Video running time: 6 h 41 min (English) With interactive training including video feedback Exclusive database with 50 essential games Including CB 12 Reader System requirements: Minimum: Pentium III 1 GHz, 1 GB RAM, Windows Vista, XP (Service Pack...)

Reviews

The publication is great and fantastic. It can be filled with knowledge and wisdom. You won't truly feel monotony at any moment of your time (that's what catalogues are for about if you ask me).

-- Dr. Marcos Grimes III

This is an incredible ebook which I actually have ever gone through. This can be for those who state that there had not been a really worth reading. I am just quickly can get a delight of reading a published book.
