Tate Publishing Enterprises, United States, 2014. Paperback. Book Condition: New. 178 x 122 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.One never knows which corner of the earth will become the next fulcrum that ll pivot America in new directions. From high above, the southwest corner of Long Island looks like many other places but a close look reveals a doctor who just could not tolerate the status quo in his profession because so many things did not hold up to scrutiny. Relying on the essence of science (Quin talano) - which is keen observation with a trained eye and deft interpretation with an educated mind, he developed a new approach to patient care, one that makes more sense, saves everyone a lot of money and leaves the population healthier than ever. These new, high-science/low-tech concepts, innovations and insights can simultaneously solve America s health care crisis and economic woes. Within 18 months, America can be 50 healthier, thereby freeing up \$ trillion of the nearly \$3 trillion spent annually on health care. This \$500 billion dollars, each year, can be used to rebuild our infrastructure, increase our police and firefighting protection, secure decent lives for our elderly, redesign our failing education system, fund research so we can all enjoy the promises of the future, decrease our staggering national debt and so much more. This is money no longer needed for the ill because they are no longer ill. If you don t think America needs saving . . . where have you been! Step back and see that the path America is following is the same that previously indestructible nations followed, invincible empires that have vanished from the face of the earth; faded into oblivion. If America does not alter its direction, when the 22nd...
