

## Fluids and Electrolytes Made Incredibly Easy! (First, UK ed)

---

By William N. Scott

Lippincott Williams & Wilkins. Paperback. Book Condition: new. BRAND NEW, Fluids and Electrolytes Made Incredibly Easy! (First, UK ed), William N. Scott, Fluids and electrolytes are key subjects in nursing education that contribute to the student nurse's ability to meet the Standards of Proficiency of Care Delivery and Care Management: a requirement for entry to the nursing register. Fluids & Electrolytes Made Incredibly Easy! is an entertaining and informative book that reviews the fundamentals of fluids and electrolytes in a fun, interesting and easy-to-understand way. Organized into four parts, it provides comprehensive coverage of this challenging topic, including: fluid, electrolyte and acid-base basics; fluid and electrolyte imbalances; the importance and management of imbalances in major health problems; and treatments. This book is packed with numerous reader-friendly features including abundant charts, illustrations, cartoons, checklists, quick quizzes, memory joggers and chapter summaries. Drawing on current UK and European guidance, this book is an essential resource for nursing students.

### Reviews

*I just started off reading this article pdf. It is probably the most remarkable ebook we have go through. It is extremely difficult to leave it before concluding, once you begin to read the book.*
