Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Buildings and Structures of American Railroads: A Reference Book for Railroad Managers, Superintendents, Master Mechanics, Engineers, Architects, and Students This work is intended to serve as a reference book for Railroad Managers, Superintendents, Master Mechanics, Engineers, Architects, Students, and others connected with the various departments of railroading or kindred interests, who are desirous of obtaining data as to the existing practice on American railroads relating to any of the subjects discussed in the book. Extracts from the first sixteen chapters were previously published in serial form in the Railroad Gazette, and met with favorable and encouraging comments. It is hardly necessary to call attention to the scarcity of American literature on buildings and similar structures connected with the station service, maintenance of way and operating departments of railroads. With the exception of isolated articles to be found in technical periodicals or in the publications of professional societies, accurate and exhaustive data relating to existing railroad structures can only be obtained by personal inspection or by addressing the proper department official in charge of the work...
