However, knowledge and awareness has advanced people's thinking over time about being proactive towards emergencies and disasters. Today there are special courses and training programs that teach the general public how to be prepared for any disaster or unforeseen events. Ranging from hurricanes, floods, earthquakes, forest fires to bomb explosions, getting lost in the wilderness, economic crisis, accidents and medical emergencies all types of disasters need a management plan. Such a plan cannot only reduce the impact of the respective disaster but at times can even prevent it from happening. It also gives the victims a stronger sense of confidence and patience.
