Anness Publishing, United Kingdom, 2014. Board book. Book Condition: New. Jan Lewis (illustrator). 156 x 128 mm. Language: English . Brand New Book. Meet Little Dino and all his prehistoric pals as they help you with numbers and counting in this chunky, soft-to-touch boardbook. Each number is illustrated by Dino and his friends, such as 2 dinosaurs with muddy feet, or 6 dinosaurs out and about - I bet you never knew dinosaurs could drive! This interactive book has been specially designed for young children and adults to enjoy together, with a wipe-clean cover and sturdy board pages. You can learn to count and recognize numbers, and have fun! Don t be frightened! Unlike the dinosaurs you may have seen in the movies, Little Dino, the young Tyrannosaurus, isn t scary at all. His friends are very nice, too - including a blue Brontosaurus, a red Triceratops and a bright green Stegosaurus. There s no need to be frightened by mathematics, either, because Dino and his chums are here to help you with counting - from one dino with a long neck to ten dinos on a train. Along the bottom of each page is a list of figures showing where the number fits in the sequence. You can count on Little Dino!.
