Brand New Book ***** Print on Demand *****.Excerpt from A Class-Book of Geography, Containing a Complete Syllabus of Oral Instruction on the Method of Object Teaching: Also, Map Exercises, Systematically Arranged for Class Drill This little work is an attempt to present, in a practical form, a natural, and hence rational, method of teaching Geography to children. It is believed to embody the views of the most eminent writers on this subject on both sides of the Atlantic. It begins where nature begins, with the child's little world of home. It leads the pupil, with open senses, out from himself and his school-room, to the surrounding village or city, the adjacent fields and woods, and, by a series of familiar Object Lessons on the elements of natural scenery there found, it seeks to develop those primary ideas essential to an intelligent study of maps and text-books, and to furnish the mind with those living units of geographical knowledge, by means of which alone a just conception of other lands and climes can be realized. Proceeding from the pupil's observations of his own...
