paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 245 Publisher: Beijing Jiaotong University Pub. Date :2011-05-01 version 1 by Ye Jianbo edited Protel99SE circuit board design and manufacturing technology for the vocational focus of Zhejiang Province planning materials and teaching projects. Book from the printed circuit board design direction starting positions. according to project into. task-driven principles were set up 11 projects. including Protel 99 SE installation and startup. power door schematic designers. electrical schematic design to improve. electrical schematic drawing components. electrical schematic design example. printed circuit board design based on artificial design PCB. PCB drawing package. PCB auto-routing. PCB Design and PCB system board technology. Protel99SE circuit board design and manufacturing technology. easy to understand. step by step. illustrated. focusing on software usability. with some simple examples to enable readers to quickly master the software's use. in a short time to become a master printed circuit board design. This book can be used as vocational colleges and application of electronic technology. information technology. electronics. electrical automation technology. communications technology. machinery and electronic materials for the professional. but also as engineers and technicians and trainees of reference. Contents: Project 1Protel99SE 1.1 installation and start the task of understanding Protel99SE task 1.2Protel99SE runtime environment 1.2.2 installed 1.2.1Protel99SE Protel99SE task 1.3Protel99SE start installing 1.3.1 Start Protel99SE 1.3.2 system parameters set tasks 1.4Protel99SE project design team management Project Summary Project Exercise Project 2 electrical schematic design entry tasks 2.1 understand electrical schematic design process 2.1.1 The general design of printed circuit board electrical schematic design step 2.1.2 the general process of task 2.2 is designed to prepare schematic diagram 2.2. a new electrical power schematic file 2.2.2 2.2.3 Drawing the schematic editor to set the grid settings 2.2.5...
